

**Rotary Club of Romsey Test
Breakfast Meeting Notes 27th February 2019**

An early morning brain stimulation lead by David Sutton which tested all attendees, with only Nick Bellamy gaining a respectable score! One member complained that the Romsey Advertiser just did not cover the range of questions asked. David did help us by giving us a choice of three answers, so we all thought that we would get at least a third correct. However, it was not to be for most of us but it was an enjoyable and enlightening start to the day.

- Stewart reminded everyone attending the District Council meeting this Saturday that **parking will be difficult** as it clashes with the first Mountbatten fitness run.
- The next round of Youth Speaks takes place on 9th March.
- The first rehearsal is about to start for the ROR stage performance. Tony was still looking for suitable head of hair.
- The **next meeting is in the Town Hall (Business and Council), Wednesday 6th March.**
