

Breakfast Meeting Minutes

22nd June 2022

The meeting was attended with 18 members taking breakfast and Tony T coming to listen to the second part of the meeting and no doubt for some comradeship after his successful holiday.

After enjoying our sustenance Nikki then introduced us to the small group of working women, most of whom were with us today.

The whole idea of having this small group is that when funds are available to help our local community they are better placed and also have better relationship with the local community than ourselves. This in turn decides where monies are best spent.

Nikki then went on to introduce Mary from Romsey Young Carers, who many knew of from the time when she was in charge. Mary is now a volunteer, a word which cropped from time to time during her brief talk.

Like all charities money is short and bills have to be paid. They, Romsey Carers have recently taken on new premises and work is needed to suit their requirements. For instance an office that is far too large and a lounge area that requires furnishing, hence volunteers are required. Within the charity there are various clubs and again volunteers including a requirement for men for role models to demonstrate that people do care for them and help with their problems.

Finally there is a need for volunteers with skills such as IT. Men in Sheds are already giving a hand where needed. Mary went on to say that should anyone wish to get involved a phone number will be forwarded to the Club.

Roger wound up by stating that this was his final meeting in charge and the next meeting:

HANDOVER DINNER 29th JUNE
