

Rotary Club of Romsey Test - Breakfast Meeting - 8 Feb 2023 – Youth in Romsey

Rotarians,

Firstly, thank you for attending this morning's breakfast meeting, I can only apologise that our guests from Life Education experienced considerable traffic problems on their way but those that could stay learnt a lot about what the charity did and how they fitted into the teaching programmes of the many primary schools they attend. Their objective is to provide Personal, Social, Health and Economic teaching support to children between 3 and 11. Expanding into Hampshire, they are looking to open doors in primary schools in our area, in particular, Halterworth, North Baddesley & Cupernham having had a successful contact with Romsey Primary. We feel we may be able to open some doors here given our relationships gained with D4L and Nikki's relationship with North Baddesley. Stuart and I will try and facilitate this.

The charity are well supported by and known to Rotary clubs across the Wessex area.

Funding their activities is always a challenge and they are holding a quiz at Romsey Golf Club on March 30th. We would like to get together a couple of Rotary teams ( six in a team) to support them on the evening and will seek rotary support for this. £17.50 pp for meal and quiz.

Web Site for Life Education -

Thanks again for attending on such a cold morning.

Steve
